

# FAQ about the Rx discount savings offer

## What is the Rx Discount?

It helps our plan members save money on prescription medications through the use of an ID card.

At the point of sale, members simply present the ID card at any Walmart or Sam's Club pharmacy nationwide.

## What ID Card Should I Use?

Ameritas dental, vision and hearing care plan members will need to get the online Rx discount savings ID card by visiting [ameritasgroup.com](http://ameritasgroup.com) and signing into (or creating) a secure member account. (No Internet? Request an Rx ID card through your benefits administrator, or call Ameritas at 800-487-5553.)

## Who Needs Discount Prescription Drugs?

Anyone with limited or no prescription drug coverage can benefit. Instead of paying full price for medication, members can save money on prescription drugs for themselves, their covered dependents and even their pets.

Members who already have an existing pharmacy benefit may still see savings on medications that are not included in their plan. Walmart and Sam's Club pharmacies will give members their existing pharmacy benefit, or the Rx savings discount through Ameritas, whichever saves members the most money. For comparisons, members will need to bring in their current health insurance ID card and prescription.

**Disclosures Regarding the Walmart Prescription Savings Program:** This discount plan is NOT insurance or a Medicare prescription drug plan. Members are obligated to pay 100% of the prescription cost to the pharmacy at the point of sale and the plan does not pay pharmacies for prescription drugs provided to members. The Walmart Prescription Savings Program provides prescription drug discounts to members at participating pharmacies only. Drug prices fluctuate frequently and the plan's pricing tool (where available) is for informational purposes only.

## What Kind of Savings Are We Talking About?

Our valued plan members and their covered dependents (even their pets) can save on prescription medications through any Walmart or Sam's Club pharmacy across the nation. This Rx discount is offered at no additional cost and it is not insurance. Save on hundreds of generic drug prescriptions at the everyday low price of \$4, as well as, 40% on other generic prescriptions and 10-15% on most name brand drug prescriptions.
