

OMAHA TRACK'S

Attalla, Alabama

TERMINAL

Omaha Track opened its newest railroad tie processing facility in Attalla, Alabama in Summer 2025. The facility specializes in processing used railroad ties into high-quality chips for use in co-generation fuel. This new location marks the expansion of Omaha Track's biomass capabilities into the eastern United States.

Location Highlights

- Rail service by Norfolk Southern
- Offers customized grinding of railroad ties to chips
- Conveniently located off of Interstate 59
- Industrial equipment including grinders and grapple trucks
- Opportunity for expansion to meet customer opportunities

Hours of Operation

- M-F: 6:30 a.m. - 2:30 p.m., Eastern Time, for truck pick ups

Address

- 3875 Pleasant Valley Road, Attalla, AL 35954

Facility Manager

- (402) 926-1039
