

OMAHA TRACK'S

Eaton, Colorado

TERMINAL

Omaha Track has provided quality, reliable service to the railroad industry since 1983. We provide products and services to Class I and short line railroads, rail contractors, and rail-served industries across North America. Our focus on terminal services has more recently driven the development of sites to accommodate customers needing rail access. Eaton is our flagship facility representing the depth and breadth of our capabilities, including all facets of rail transloading, storage, leasing, and cleaning.

Location Highlights

- 160 acre site with 58,000 track feet
- Capable of handling 1,100+ railcars
- Rail served site with 6 days of week service by Omaha Track
- Power switch to UPRR main line
