

OMAHA TRACK'S

# Trucking Logistics

## Moving Freight. Powering Operations. Simplifying Supply Chains.

We deliver comprehensive transportation and logistics solutions for industrial, construction, energy, and infrastructure markets nationwide. From over-the-road freight to yard management and dedicated project support, our team keeps materials and equipment moving safely, efficiently, and on schedule.

### Freight Brokerage

**Strategic transportation management backed by nationwide carrier capacity.**  
We act as your logistics partner—leveraging an extensive carrier network and real-time market expertise to secure the right equipment, routes, and pricing for every load.

We provide:

- Full truckload (FTL)
- Specialized and heavy-haul freight
- Time-sensitive shipments
- Multi-stop and project freight

Our brokerage team manages:

- Carrier vetting & compliance
- Rate negotiation
- Load tracking & reporting
- Documentation & billing

With full visibility from pickup to delivery, we reduce risk, control costs, and simplify your transportation management.

### Drayage Services

**Efficient container movement when timing matters most.**

Our drayage team specializes in short-haul transport of containerized freight between ports, terminals, warehouses, and distribution centers.

We handle:

- Appointment scheduling
- Container tracking
- Chassis management
- Documentation coordination

The result: fewer delays, lower demurrage costs, and smoother freight transitions.

## Spotting Services

### Optimized yard flow. Reduced congestion. Faster dock turns.

We provide professional yard management and spotting services to keep high-volume facilities operating efficiently.

Our experienced yard drivers:

- Position trailers and containers
- Support dock door flow
- Manage staging lanes
- Reduce bottlenecks and downtime

With clear communication and strict safety standards, we help maximize yard productivity around the clock.

## Dedicated Shuttle Services

### Committed equipment. Assigned drivers. Accountable performance.

For customers requiring consistent, high-volume support, we provide dedicated transportation solutions tailored to your operation.

Ideal for:

- Warehouse-to-warehouse shuttles
- Industrial facilities
- Port and terminal operations
- Large-scale infrastructure projects

Each solution includes dedicated equipment, drivers, and management oversight to ensure reliability and measurable performance.

## Specialized Trucking & Heavy Haul

While we serve a wide range of industries, we maintain deep expertise in transporting oversized, bulk, and infrastructure-related materials.

We haul:

- Aggregates and bulk materials
- Structural steel and long-length materials
- Industrial construction materials
- Scrap and recyclable commodities
- Heavy equipment and machinery
- Biomass and fuel products

Our fleet includes specialized trailers, lowboys, and heavy-haul configurations designed to move complex freight safely and efficiently.

### Hours of Operation

- M-F: 8 a.m. - 5 p.m., Central Time

### Address

- 12930 I Street, Omaha, NE 68137

### Contact

- (402) 339-9856

## Why Partner With Us?

- Decades of transportation and infrastructure experience
- Specialized heavy-haul and project freight capabilities
- Nationwide reach with scalable capacity
- Strong safety and compliance standards
- Integrated logistics solutions under one provider

We are more than a trucking company—we are a transportation partner committed to moving your freight safely, efficiently, and cost-effectively.
